DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Bill Evans on May 27 2004. The application has been amended as follows:
3. Claim 2: replace "palladium." with --palladium, and wherein the metallic palladium is obtained in a vapor by heating metallic palladium to 1580-1700 degrees Centigrade.--
4. Claim 3: (Cancelled)
5. Claim 5: replace "palladium." with --palladium, and wherein the metallic palladium is obtained in a vapor by heating metallic palladium to 1580-1700 degrees Centigrade.--
6. Claim 6: (Cancelled)
7. Additionally, Claim 4 is now dependent upon Claim 2 and Claim 7 is dependent upon claim 5.

Examiner's Statement of Reasons for Allowance

8. Claims 1, 2, 4, 5, and 7 are allowed. The following is an examiner's statement of reasons for allowance: The declaration of Mr. A.P. Beloborodov under 37 CFR 1.132 entered February 18, 2004, teaches the ranges claimed in independent claims 1, 2 and 5 would not have been obvious to one of ordinary skill in the art as they produce a new and unexpected result of the discharge becoming stable.

9. The prior art fails to teach or reasonably suggest the claimed range, in combination with the remaining limitations, of claims 1, 2, and 5. Claims 4 and 7 are allowed due to their proper dependence upon and further limiting of their respective independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
